

HEAVY-DUTY HINGE 65X188

Short Description

This sturdy 65 x 188 hinge is mainly used for heavy-duty engine hatches on boats. The hinge features a welded curl and a removable shaft for easy removal of the hatch.

Description

This heavy-duty marine hinge is robust and durable in its stainless steel construction.

- Made of stainless steel adhering to AISI304 standards
- Electropolished surface
- Includes a welded curl and removable shaft that makes it a flexible option for easily removable engine hatches
- To be mounted with a countersunk or cup screw – we recommend:
 1. M6 Round head square neck bolts, DIN 603
 2. Ø 10/2,5 mm WS 9100 chipboard screws, countersunk head with cross recess Z and full thread
- Withstands loads up to 3000 kg, making it perfect for intensive applications
